

At Stockton Wood Primary School we use **Oxford Reading Tree** to help our children to learn to read and the **Letters and Sound Scheme** is used for teaching phonics.

We have chosen this Reading Scheme so that:

- *our children enjoy reading
- *our children are more motivated to read
- *our children develop the skills they need
- *our children learn to read with independence and understanding
- *we raise levels of achievement in reading

Follow this link to their website which is full of e books to share with your children, activities and guidance for parents to help their children to learn to read.

www.oxfordowl.co.uk

Every year we have a special activity day when we 'dress up' and share our favourite Oxford Reading Tree stories with our friends and families.
