

Beat the Street Liverpool South

The Challenge

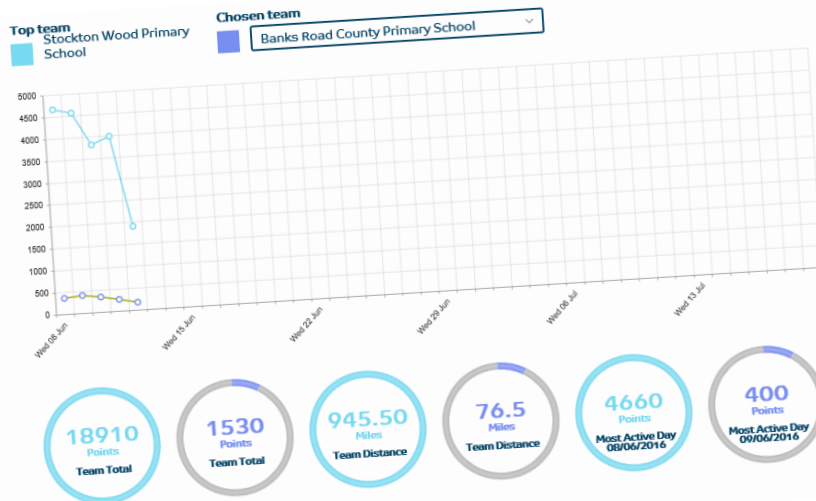

A fun, free game for the community of Speke, Garston, Cressington, Allerton and Hunts Cross in Liverpool to see how far you can walk, cycle and run around your areas and around the world.

Every journey you make adds to your total and that of your team and the whole community. How far can you go?

Maths in action: While you are taking your steps, there is a lot of maths being used and data collected. The distance travelled, the time taken, dates of event, the number of members in each team, ordinal numbers for positions, total points and average points. **Go team Stockton Wood Primary School.**
