

This Safer Internet Day let's make the internet a place of kindness and respect!

Be kind online: before you say what's on your mind ask yourself is it kind?

Look out for your friends: if you see something mean online then **report** it, **block** the person and **tell** a parent or another trusted adult.

Respect each other's differences online: we're not all the same, and that's what makes us great!

Think: How are your friends that you talk to online different to you and how they are the same? How could you show them you care?

Play your part: help make the internet a kind place for everyone! What can you do?

What will you pledge to do? Write down one thing on the [#shareaheart sign](https://www.saferinternetday.org/uk/2016/pledge-to-do) that you can do today to help make the internet a kinder place.

Together we can help make the internet a better place!
