

Stockton Wood Community Primary School

Year

2

Term

Summer

This card belongs to:

Our topic is:

Our question is:

Environment

- Looking at the things we like and things we would change about our local environment
- Different ways to contribute to helping improve the environment
- Alternative sources of energy like wind power
- Thinking about the welfare of animals

How Can I Make my Environment Better for Humans and Animals?

**Term:
Summer**

**Year
2**

Our Wow day is:

Our Celebration is:

To photograph our school environment with the school's new iPads and to document what we like and what we might improve.

.... sharing the games that we make in Computing and the posters that we make in English with Year One.

At home you can:

- Involve your child in how you recycle at home.
- Think about waste at home and how every little change can help make the world a better place like using less water or electricity.
- Look out for wind turbines when out and about.
- Research the impact of litter on wild animals.

Please send into school:

- Any books or information about wind power as an alternative source of energy.
- Bright, colourful (and clean) waste that cannot be recycled. Maybe we can make use of it in Art...
- Stories and information about recycling, the environment and looking after the planet.

On the web you can:

- Follow information about World Environment Day 2016
- Research events nearby to explore the local environment
- Find out about wind power and solar panels in your area

What are we reading?

2W are reading *George's Marvellous Medicine* By Roald Dahl

2C are reading *Fantastic Mr Fox* by Roald Dahl

Mrs Coups is reading *A Walk Across the Sun* by Corban Addison

Miss White is reading *The Girl in the Box* series by Robert J Crane
