

Read e-books

1. Open **Google Chrome**
(download this if you don't have it - it's FREE!)
2. Next download **Radium** (also a free app)

3. Download the e-pub files to your PC
4. In Radium - insert the file you wish to read

5. Select the ePUB file

6. The book will show like this...

7. Repeat steps 4 and 5 to see more books.
