Number Day and Making Maths Meaningful

25th January 2017

Dear Parents/Carers,

As part of continuing our 'Liverpool Counts' GOLD Quality Mark we are delighted to be supporting the NSPCC again this year by taking part in **Number Day** on **Friday 3rd February 2017**. This is going to be a morning when the children get to use their maths skills as well as raising money for **two great causes, the NSPCC and Maths Games and Puzzles for our school**.

The NSPCC is working to keep children safe. The NSPCC needs our support. By raising money, we can help to fund their vital services like 'ChildLine' - the helpline that's always there for children and young people whatever their problem or concern.

Number Day is a great way to make maths fun and bring about a positive, "can-do" attitude towards it. On the morning of February 3rd the pupils will take part in activities linked to everyday life and also use their skills to solve some fun puzzles.

We are also asking the children to donate £1 and bring a favourite game or puzzle to school (that has numbers in it or requires problem solving!) to play, for example, Snakes and Ladders, Ludo, Jigsaws (Shape and Space) etc.

We would also like to invite parents to 'Stay and Play' too from 9am to 9.30am. Hope you can join in the fun for a good cause!
