

## Physical Education at Stockton Wood

### Autumn Term 2017

This term has been a really active one, with children participating in a wide range of sports before, during and after school. Here is a little example of what we have been up to this term....

### Breakfast Clubs and Lunch Clubs

Our breakfast clubs have continued to be really popular with the children. They can choose a variety of activities to participate in, including football games, hockey, basketball, badminton and dodgeball. We also have a Lunch Club, which has focused on developing stamina for cross country running, in preparation for competitions.

### The Curriculum

Our P.E lessons this term have covered a wide range of the units found within the National Curriculum. In Key Stage 1, the units being delivered have included fundamental skills and games. In Key Stage 2, the sports being delivered have included dodgeball, hockey, indoor athletics and basketball. Our Year 4 and Year 5 children also attend weekly swimming sessions at the Austin Rawlinson pool. The children have made great progress this term in P.E. and they have represented our school in many LSSP competitions.

### After School Clubs

In Key Stage 2, the children have had the opportunity to develop their skills and performance in badminton, indoor athletics and basketball. Year 3 children have attended a football club, supported by Mr. Jolife. The clubs allow the children to refine skills and techniques taught during core P.E. lessons and prepare them for competitions with other schools from South Liverpool.

### Competition.

We have attended many competitions this term. The children have participated in a wide variety of sporting events including: cross country running, new age kurling, badminton, hockey, indoor athletics, dodgeball and football. We had great success in badminton, reaching the city finals. This was a fantastic achievement for the children involved. Another success was the new age kurling competition. This was the first time we have played this sport, and our team has reached the regional finals, after winning their heat and the city final. Well done to all the children who have represented our school. We are very proud of their achievements and sportsmanship.
