

ACTIVITY:

Outdoors

Question opportunity!

What are the pros and cons of paying for entertainment versus making your own?

- Think about the entertainment you have at home, what would you do if it was all taken away?
- How would you spend your evenings or weekends? Encourage your children to be as creative and imaginative as possible!

Activity! Create an activity plan for the family spending a whole day out without paying for entertainment. You could research local parks, or opportunities to visit historic sites. Perhaps there is a local nature walk you could access, where you can bird watch, look at vegetation or insects.
