

CONVERSATION:

Travel to school

Conversation starter!

Why do you travel to school the way you do? Is it because of cost, choice, convenience or safety?

Think about the options available to you:

- Car
- Public transport
- Walking
- Car sharing or any others

Challenge!

Spend a week trying each different travel option out and discuss how this affects the day – Do you have to get up earlier or later? Does it cost more or less money? Does it put more or less pressure on parents to organise?
