Well done to Nel in Year 4 who has won Liverpool's Maths Party Day competition. Nel recreated the Chinese Arch in the style of Rubik's cubes. Her winning design was replicated with real Rubiks by an artist called Fai. We are proud to display Nel's work by our school office.

### Key events this fortnight....

#### Festive Fun!!!

We hope that you enjoyed our Christmas performances - children and staff worked hard preparing for them and their hard work paid off. Well done to our fabulous narrators, actors, musicians and singers.

Our choir sang at two care homes and John Lennon airport. They raised over £200 at the airport! Thank you to Ms Brady for leading after school choir club and for supporting with our 'gigs'.

With your support, we raised over £1400 with the sale of our hamper raffle tickets and Christmas extravaganza. We will be spending this money on play and lunchtime resources. Thank you for your generosity.

**Merry  
Christmas and  
Happy New  
Year to you all!**
