

# Year Five

Maths is when you wake up because you have to look at your alarm clock to see what time it is.

*Emmy*

I can use Maths at home when I am cooking, for example measuring with scales.

*Jake*

We see Maths on a vending machines because it tells you the prices but also works out the change for you!

*Matas*

We need Maths to work out football scores.

*Lucas*

# When have you used Maths?
