

# Parents' Meeting 14.01.15

@ Stockton Wood

A big thank you to all the parents who attended the Parents' Meeting on Wednesday.

We looked at Stockton Wood being an **Every Child Counts** School and the impact of **Numbers Count** throughout the school.

A Numicon number line showing numbers 1 to 7. Red arrows indicate counting forwards from 4 to 6 and backwards from 6 to 4.	<p>We discovered the importance of Counting - forwards and backwards and from different starting points.</p>
<p>We looked at Numicon as a resource to support learning in Number.</p>	A collage of photos showing children using Numicon blocks to learn numbers.
A large outline of the number 5 with a red arrow and a dot showing the starting point and direction for writing.	<p>We looked at Number formation used in school</p>
<p>We discussed children exploring real money and using Numicon to help understand the value of different sized coins.</p>	A collection of real coins (pennies, two pence, five pence, ten pence, twenty pence) and Numicon blocks with coins placed in them to represent their values.
A calendar showing the months of the year from January to December, with days of the month written below.	<p>We explored some fun ways to help our children practise and learn about Time at home. An important life skill.</p>
