*** IMPORTANT ***

ACCESSING YOUR CHILD'S SAVINGS

Dear Parents,

We understand that this is a trying time and we want to reassure all parents that the funds placed into your child's **LifeSavers Super Savers Savings Club accounts** are accessible by parents without the assistance of the school. Normally we provide a withdrawal service once a term. However, as schools are now to be closed for an indefinite time, we wanted parents to know how to access their children's money independent of the school should they find it necessary in the coming weeks.

Ways to access your child's savings:

You will need to be the trustee (the person who is named on their original registration).

1. **In branch** - Central Liverpool credit Union 141, Park Street, Liverpool, L8 6QF (see opening times on website below).
2. **Over the phone** - you can transfer funds to a bank account. 0151 708 5515
3. **E-mail enquiries**- enquiries@centralliverpoolcu.co.uk

Further information on how you can access your child's money through our credit union partner, Central Liverpool Credit Union can be found here www.centralcu.co.uk.

We are very proud of our Savings Club, its savers, pupil cashiers and parent volunteers and we look forward to seeing them all again soon. In the meantime, there are lots of activities available to do at home with your children on the LifeSavers website <https://www.lifesavers.co.uk/parent-engagement-resources>.

Very best wishes,

Julie Jackson
