

Stockton Wood – COVID Safe Procedures

Important reminders!

To keep our schools open, Liverpool City Council **require**:

- **Parents/adults to wear a face mask** when dropping off at school and collecting from school and to space out and **keep 2 metres apart**.
- **Parents/adults must not enter the school site without a mask.**

A number of parents are ignoring this requirement.

If we wear a mask we can help to reduce the spread of corona virus.

Sadly, parents may be banned from the school site if they refuse to comply with these safety measures.

- Only **one adult** should bring your child to school and **households should not mix**.

Please stick to the rules! The sooner we slow down the spread of the virus the sooner we can get back to normal.

Thank you for helping to keep us all safe!

Liverpool City Council: Be patient! Be kind! Be responsible!
