

Newsletter 7

Dear Parents,

Another fabulous week!

FABULOUS!

Home learning

Home learning packs will be **delivered each Friday** – look out for your 'Stockton Wood Postie' they will be wearing ID. Packs will include daily schedules and activities to support home learning. Links for on line lessons and activities will be tweeted each day. If you are unable to access Twitter please call school and we will help you. **We love receiving home learning tweets from families – keep them coming!**

Look out for certificates in packs for super efforts! We are looking for children to praise and reward!

FSM vouchers will be enclosed in the learning packs for those families entitled to benefits-related free school meals. If parents are not in to receive voucher we will make alternative arrangements with families on the following Monday.

Zoom and TEAMS

Thank you to EVERYONE for supporting our Zoom and TEAMS sessions this week – staff, children and parents have been amazing! We hope children and families have enjoyed catching up with teachers and teaching assistants as much as we have enjoyed catching up with the children! If you didn't manage to join in this week – have a go next week!

Now we know how to use Zoom (for Foundation Stage and Key Stage 1) and TEAMS (for Key Stage 2) we can focus upon following our **Code of Conduct**. The Code of Conduct is very important so that we can continue to meet with the children online in a happy, safe way. Please read Code of Conduct carefully and explain to the children. You might like to display it at home as a reminder or the children might like to make their own poster.

Don't forget, it is essential that children are fully dressed and behave as they would in the classroom with the teacher.

School staff will continue to keep in touch by telephone, Zoom and TEAMS each week.

Ring us too if you need us! We are here and ready to help. 01514861778

Devices

We have a small number of devices which we will be allocating based on priority and need from week beginning 25th January 2021. We shall in line with National projects continue to seek additional devices so we can offer as much support as possible to children and families.

It is really, really important that your child/ren engage with home learning.

So... our top tips continue to be:

Encourage your child to be ready and dressed for the start of the school day, and to keep to their timetable as much as possible.

Distinguish between weekdays and weekends, and make it clear when the school day is over, to separate home and school life. (Wearing school uniform each day may help children to focus and recognise which times of the day are for learning!)

Plan breaks and exercise into the day to help keep your child active.

Please keep in touch with us and do let us know if you're having any difficulties with remote learning, or if you have any questions.

New topics and themes coming in February:

- Online Reading Festival
- LifeSaver's - How can we look after our money?
- Place to Be Mental Health Week
- Safer Internet day – An Internet we Trust!
- Liverpool Schools Workout Live

Don't forget to follow Dan the Skipping man!

Take care everyone! Stay Safe! Stay home! Reduce your contacts and stop the virus in its tracks!

Yours sincerely,

S.E.Price
