

Important Update for Nursery Parents

Dear Parents,

Thank you for supporting the current National lockdown measures.

Following closure of Nursery last week due to confirmation of a positive case within our Nursery, we are pleased to confirm that Nursery will reopen to all children from **27th January** as the self isolation period will be complete.

Please note, all children, including children whose parents are not critical workers may now attend, but please heed as usual the stay at home message where possible. Please contact school if you require additional information.

We will continue to review risk assessments and respond as necessary to day to day COVID updates.

Home learning activities are enclosed for you as usual.

Don't forget to join the Zoom sessions next week with Mrs. Ikuta and Early Years staff – they will be delighted to see the children. If you are having difficulty joining Zoom please call us at school.

Yours sincerely,

S.E.Price

Head teacher
