### Safer Internet Day – Tuesday, 9th February 2021

Dear Parents,

Safer Internet Day is such an important day to help children and grown-ups to use the internet in a safe way. Please take part and share these activities with your family.

#### Key Stage 2 – Years 5 and 6

Safer Internet Day 2021 will be celebrated in the UK with the theme:

An internet we trust: exploring reliability in the online world

We are going to look at how sometimes not all information on the internet is reliable and also, use the internet to check how to check whether something is or isn't accurate or true.

#### Task 1

Watch the video [Are you living an Insta Lie?](#)

<https://www.youtube.com/watch?app=desktop&v=0EFHbruKEmw%2Farticles%2Fzt9thyc&feature=youtu.be>

Whilst watching the video, you will notice that not everything is as it seems!

**Think about or talk about these discussion points with an adult at home.** You don't need to write down answers but you might want to use some of them for Task 3:

- Why do you think people create "fake" pictures of their lives?
- Do you think this is a good thing to do?
- How do you think other people feel when they see pictures like this?
- How does it make the person who posted feel when they get likes and comments?
- What advice would you give someone posting "fake" pictures of their life?

#### Task 2

Visit the Kahoot website and take part in a quiz, [Safe to Say -](#)

This is a [short video](#), explaining how to join the quiz.

#### Task 3

**Finally**, you can design your own internet safety poster on the theme of Reliability. Think about the video and your answers in Task 1 to help. This can be done on paper, or you may wish to use a free app such as [Pic Collage](#). We would love to see your poster - pop it in our post box when you go out for your daily exercise!

Yours sincerely, S.E.Price Head teacher
