

## Newsletter 22

Dear Parents,

### COVID

**LCC recommend: Stay alert! Use face coverings! Double vaccinate! Test regularly!**

### Parent Contact Calls - ongoing

These appointments provide an opportunity for class teachers and parents to discuss progress, remote learning and attendance. These appointments replace our traditional parents' evenings. Contact calls started last week and continue this week.

### Trail Days

Trail days for each year group will take place this week, **week beginning 12<sup>th</sup> July**, to replace our usual summer trips. The children will be taking part in orienteering activities and challenges and enjoying a picnic in our expansive school grounds on these days. Check out Twitter for highlights of the week!

### Class Assemblies

Traditionally, we would invite parents to attend end of year assemblies, instead this year we will be sending home DVDs from each Year Group – so that each class can share what they have enjoyed and learnt in school this year.

### School Reports

The children's school reports will be distributed on **Thursday, 15<sup>th</sup> July**. Please arrange to collect your child from school on this day so that reports can be handed directly to an adult. Reports will be posted for any children not collected by an adult from school.

### Prize Giving

Prize Giving will take place this year on **Friday, 16<sup>th</sup> July** with the children in class in school or via TEAMS/Zooms for those children self-isolating.

### Staying Safe

We continue to remind children of how to stay safe on line and when using social media. We have attached some helpful information about Facebook for parents for you to use at home too.

**Be vigilant and be aware of children's online activities and use of social media.**

### Relationships Education and Health Education

We have also attached information about our Relationship and Health Education curriculum which is designed to help to keep children healthy, safe and aware and prepare them for life in Modern Britain. Join our workshops next year to learn more about our curriculum.

**Thank you to all our families who have responded so brilliantly to advice to self-isolate and by doing so are supporting our community and reducing transmission of the virus.**

Yours sincerely,

S.E.Price Head teacher
